Fragmento A

```java
public void draw(Graphics g) {
      g.setColor(java.awt.Color.WHITE);
      g.fillRect(0,0,100,100);
}

public Rectangle displayBox() {
      return new Rectangle(0,0,100,100);
}

public Vector handles() {
      return new Vector();
}
```

Fragmento B

```java
protected void createTools(Panel palette) {

      super.createTools(palette);

      Tool herramienta = new EjemploTool(view());

      palette.add(createToolButton(IMAGES + "RECT", "Ejemplo Tool", herramienta));

}
```
